6 SMS2Email and Email2SMS via T-Mobile

6.1 Enable / Disable sending/receiving Emails as SMS

Enable:

Send a SMS to 8000 with "OPEN"

0,19 €/incoming SMS

Disable:

Send a SMS to 8000 with "CLOSE"

6.2 Setting/Deleting passwords

Set:

Send a SMS to 8000 with "PW password1 password2 ... password5"

SMS with "PW" deletes all passwords.

Delete password

Send a SMS to 8000 with "DELPW password5"

6.3 Defining Email-Alias

Send a SMS to 8000 with "ALIAS MyName"

Now you can use the email address MyName@t-mobile-sms.de

6.4 Sending SMS to an Email receiver

Send a SMS to 8000 with:

max.mustermann@domain.com Text

Receiver gets an email with:

Subject: T-Mobile SMS E-Mail

Body:

TEST

Diese Nachricht wurde Ihnen durch T-Mobile zugestellt.

Bitte beachten Sie bei Ihrer Antwort, dass nur die ersten 160 Zeichen der Betreffzeile und des Nachrichteninhalts weitergeleitet werden.

6.5 Sending an Email to a SMS-Receiver

Send an email to:

GSM-Phone number@ t-mobile-sms.de

example: 01601234567@ t-mobile-sms.de

Receiver gets a SMS with:

sender email address

subject

body
